What is WIC?

We're coders and engineers - both women and men - who support the female presence in computing.

We run events (tech talks, socials, outreach, technical workshops, professional development) and provide opportunities for female engineers to connect and succeed.
- started as a grad org 8 years ago
- undergrad-WIC 4 years in the making!
- Mission:
  - Assist UCSD in recruiting and retaining women in Computer Science and Engineering
  - Facilitate Professional Development and promote career opportunities in computing and interaction with industry for all CSE majors
Meet the officers

May Ng  
President

Nonie Grewal  
Vice President

Lea Lacson  
Professional Development

Sonal Prasad  
Technical Skills

Xiaomeng Wang  
Technical Skills

Tiffany Truong  
Secretary

Jennifer Lu  
Webmaster

Angelique De Castro  
Outreach Chair

Lucy Chian  
Public Relations

Jessica Lin  
Programming Competitions

Emily Deng  
Treasurer
